Eval. Notes: On October 13, 2020 this inspector reached out to Absolute Auto & Truck Salvage. A pre-inspection conference call was setup due to COVID-19 to discuss what preventative measures the facility has in place and if they require certain PPE, as well as inform the facility of DEP's procedures regarding COVID-19. On October 14, 2020 this inspector met with Mr. John Bracken. This site was formally used as an auto salvage/scrap yard. Auto salvage operations have ceased and only one building remains on site. Absolute Auto & Truck Salvage was once the GATX rail car cleaning and restoration yard. The site is currently under remediation for old product and the remediation of soil and groundwater, which generate D008 and D018 hazardous wastes. Hazardous waste is generated from soil excavation and directly loaded into truck trailers. D008/D018 hazardous waste was shipped offsite in 2019 and a few loads in the beginning of 2020. Paperwork requested was received and reviewed on October 15, 2020. All paperwork reviewed was in order, the biennial report was submitted via RCRAInfo on October 14, 2020. No RCRA violations were noted as a result of this inspection.

No Linked Violations
